

Multifamily Projects

We partner with property owners, investors, and asset managers to plan, build, and renovate multi-unit residential properties that increase long-term value and enhance tenant satisfaction. Whether you're updating older buildings or adding new units to an existing footprint, RP Restoration delivers efficient, design-forward solutions that align with local codes and modern living standards.

- Apartment unit upgrades (kitchens, baths, flooring, finishes)
- Exterior improvements: paint, roofing, doors, and windows
- Value-add renovation strategy support
- Permit handling + phased scheduling for occupied properties

Gyms & Community Wellness Spaces

We build high-performing, visually inspiring fitness and wellness environments for local gyms, community centers, recreational facilities, and multifamily residences with shared workout spaces. Every space is crafted to energize, motivate, and serve your community with lasting quality and function.

- Full gym and fitness studio buildouts
- Sauna and steam room installations + repair services
- Locker rooms, showers, and changing facilities
- Rec centers and multipurpose community spaces
- Climbing wall installation
- Mirror wall installations for dance, yoga, or training
- Water softener system installation
- Lighting and ambiance upgrades
- Durable gym flooring + sound-dampening solutions
