

# TRAVEL TO HOPE UPDATE

Offering hope to cancer patients by helping them afford to travel for care

June is Cancer Survivors Month, and we have so much to celebrate — thanks to your generosity. Since our inception, Travel to Hope has helped **49 patients complete their treatments!**

**We Are  
Survivors,  
Thanks to  
YOU!**

TRAVEL TO HOPE

Recently, I received great news that Jennifer, our first patient who completed treatment in December 2023, remains cancer-free. In the time since she completed her treatment, she has been able to return to the classroom as a teacher in a job she loves, see her daughter graduate *summa cum laude* from high school and take a 3,500+ mile road trip with her sisters. As Jennifer said, “Every day is a blessing. Words cannot describe how grateful I am for all Travel to Hope did to help my daughter and me get through those difficult times.”

**Celebrate and honor a special cancer survivor in your life by making a tribute donation to Travel to Hope** to help more patients like Jennifer afford to travel to treatment so that they, too, can survive this disease. We would be grateful to send a note to your honoree letting them know of your generous tribute gift and the impact it will have on the patients that we support.

On behalf of the 295 patients and families that your generosity has helped, **thank you** for the hope you give.
