# SPLICE ACCESSORIES

## FINGER SPLICE STICKY PAPER & HAND CHISEL

- An easy solution for cutting perfectly matched fingers into your belt
- Simply adhere the self-stick tape to your belt, cut your fingers along the lines and dispose of the tape
- Leaves no residue
- 50 meter rolls
- Custom patterns, sizes, private label available upon request
- Stainless steel hand chisels for perfect finger size and clean cuts
- Made in USA

## PVC & PU SPLICE FILM

- Improved flow for stronger splices
- Reduces popped fingers
- Cover imperfections or discoloring after multiple splices
- Available in a range of colors, including clear PVC and PU, for more uniform color splice
- Compatible with most PVC and PU belting material

# SPLICE ACCESSORIES

## SILICONE RELEASE PAPER

- Special silicone coating for consistent finish and easy release
- Matte (beige) or glossy (white) finish provides a non-stick release material between the press platens and cover of the belt
- Full platen width for reduced flashing
- Suitable for air and water cooled presses
- Available in 12.5" x 656 ft rolls
- Reusable up to 10 times
- Made in USA

## PLASTISOL LIQUID PVC PASTE

- Vulcanizes into smooth, strong splices
- Eliminate pin holes and improves flow
- Available in a variety of colors
- Long stable shelf life
- Custom colors and durometers available upon request
- Tested for compatibility with most PVC conveyor systems
- Made in USA
