REGISTER NOW ON VECTORCONNECT (under events)

- Registrants must be at \$2,000+ career sales to register. REGISTRATION DEADLINE IS Friday, OCT 3rd.
- Due to size limits for the factory tour, we have a limited number of candidates that can attend. Registrants must be approved by the region & DVM before flights are booked (beginning in late August/September). Anyone not approved to attend will be refunded for any trip charges.

QUALIFICATIONS & TRIP INVESTMENT

Trip Qualifications:

- Savings is a big part of your Skills for Life training, so all attendees should have \$600 min saved in manager investment withholdings by October 2025.
- Get your career sales over \$6,000 (we have a limited # of spots due to factory tour size restrictions, so the higher, the better!)
- Someone must be a management candidate interested in opening a branch or district office in 2026 & be approved by their division manager & the region.

TRIP INVESTMENT <<<

The value of this trip is near \$2,000 as it includes airfare, meals, 3 nights hotel, Cutco Factory Tour, Skills for Life Meetings, & all transportation throughout the trip. The SW Region covers a large portion of each person's trip cost. For the portion not covered by the region, each candidate would setup a multi-week payment plan for the discounted trip cost of \$899. The exciting news is that each attendee can attend for free & have their \$899 trip cost covered by selling a commission free Homemaker +8 (or a combo of 2 of either an Essentials +5 or Galley Trade-In set).
