

How to use the Vector Impact rep portal (non-CSP)

Every rep gets a free rep portal that allows customers to place an order directly from the rep. This is not to replace demos. This is so you can send a link to customers who wish to place a repeat order or, in very rare occasions when scheduling is an impossibility, allow customers to place an initial order without seeing a demo. You will receive CPO, however, there will be no base pay since there was no presentation.

In the **More** section of the Vector Impact app, click on **COPY** to copy your personalized Cutco Portal link.

You can send this link via text, email, or whatever method is most convenient for you and your customer.

When your customers click on that link, they will see a picture of your personalized portal. Have them click on the **Shop Now** button at the bottom of that page.

Emma Williams

Hi, I'm Emma! I love working with Cutco to help me build up my resume and pay for college while giving me a chance to work on my people skills. And I'm really excited about hitting my next promotion! Thanks for taking the time to help me out!

Shop Now

When they click the **Shop Now** button, that will take them to the Cutco website where they can place an online order.

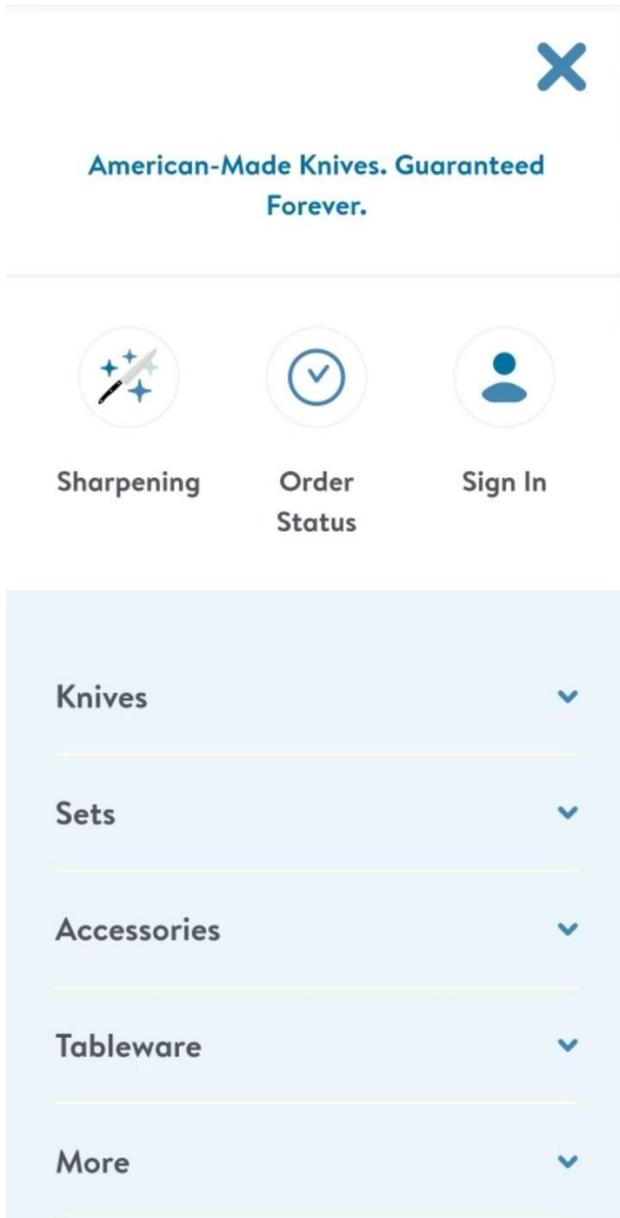

They can either navigate to the hamburger menu (three lines) in the upper left corner of the screen...

Shop New to Cutco

Exciting new products to Cutco, with a continued focus on making life easier in the kitchen.

... which will open up a list of categories where they can begin to shop.

... which will also allow them to select the items they'd like to purchase.

Once the customer has clicked on your personalized link, they will have seven days to place the order and have it credited to you. If it has been more than seven days, they will need to click on the original link again. **IMPORTANT!** Be sure they use your personalized link because without a demo, that is the only way we know they are ordering from you. If they go straight to cutco.com without using your link, it will show up as an unattached online order and you will not get credit for it.
