

Spatula Spreader

Item #1768

More than a knife.

Mix, spread, slice and serve.

Makes a great gift! Wide blade is ideal for engraving.

Why the Spatula Spreader?

- Slice an onion. Spread the mayo. Cut your sandwich. Who said multitasking isn't easy?
- The only tool you need at sandwich time. This well-rounded knife corners the market on multitasking.
- Flexible, stainless steel blade bends all the rules. Mix, spread, slice and serve with this standout member of the Cutco line.
- An all-in-one-knife that mixes, spreads, slices and serves. Use on sandwiches, muffins, bagels and rolls. Frost and cut small desserts. Slice and remove pie and brownies from pans. Scoop and spread filling on canapés. Fold ingredients into soufflés.

Use to:

- Mix, spread, slice and serve for easier clean-up.
- Cut sandwiches, bagels and rolls.
- Spread mayonnaise, peanut butter, jelly, tuna salad, etc.
- Frost and cut small desserts.
- Slice, remove and serve pie, brownies and lasagna.
- Scoop generous portions for spreading.

“ I have owned this knife for 3 years and it is truly great for making sandwiches - one would think that any knife can serve that purpose, but this knife really makes it easy...particularly for peanut butter and jelly. It's the first knife that I bought for my daughter for her new apartment! ”

- S. Jones, MI

Design, Material & Craftsmanship

410 high-carbon, stainless steel

Flexible steel holds a sharp edge while maintaining its beauty. Resists rust and corrosion.

Exclusive Double-D® edge

A series of three recessed cutting edges make a smooth, clean cut with less pressure. Points protect cutting edges to retain sharpness.

Wide, flexible blade

Scoops generous portions and easily reaches into pie plates, jars, bowls and contours to rounded containers.

Mirror-polish finish

An extra step that aids in corrosion resistance and adds to lasting beauty.

Ergonomically designed handle

Universal fit for large or small, left or right hands. Comfortable handle helps reduce fatigue and provides a sure grip.

Full-tang, triple rivet construction

Provides strength and balance with the blade extending the full length of the handle. The nickel silver rivets securely attach the handle to the blade. Rivets will resist pitting and tarnishing, and are flush with the handle for comfort and durability.

Handle material

Highly engineered thermo-resin. Will not crack, chip or absorb moisture and is sanitary. Dishwasher safe.

Handle color available in Classic, Pearl or Red.

Blade can be engraved.

Sheath available separately - #1768-2

Spatula Spreader #1768

Blade length: 5"

Overall length: 10-1/8"

Weight: 2.6 oz.

Special Manufacturing Steps

Stamped Blade

The blade is blanked from high-carbon, stainless steel to exact shape and precise dimensions.

Heat Treat Process

A unique three-step process of extreme heat, deep freezing and tempering that makes the blade hard yet flexible, stain resistant and able to hold a sharp edge.

High-Speed Buffing

The edge is buffed in this extra step, taking it from sharp to razor sharp.
