

Immortality Matrix Organizational Chart

Pillar	Scientific Specialties
Biology & Regenerative Medicine	Molecular Biologists Geneticists & Genomic Engineers Stem Cell Biologists Immunologists Oncologists Gerontologists Synthetic Biologists
Nanotechnology & Molecular Repair	Nanotechnologists Materials Scientists Biophysicists Chemical Engineers Biomedical Engineers Computational Chemists
Artificial Intelligence & Computation	AI/ML Scientists Quantum Computing Experts Systems Biologists Bioinformaticians Robotics Experts Cognitive Scientists
Cybernetic & Neural Integration	Neuroscientists Neuroengineers Cognitive Psychologists Neural Network Scientists Philosophers of Mind Roboticists & Cyberneticists
Energy & Infrastructure	Nuclear Physicists Plasma Physicists Renewable Energy Engineers Systems Engineers Environmental Scientists Civil & Industrial Engineers

Philosophy, Ethics & Governance	Ethicists (Bio/Tech) Political Scientists Sociologists Psychologists & Psychiatrists Economists (Post-Scarcity) International Tech Lawyers
Cosmic Expansion	Astrophysicists Aerospace Engineers Planetary Scientists Cosmologists Robotic Engineers Exobiologists

Matrix Deployment: 10,000 geniuses per pillar, AI-coordinated with quarterly synchronization summits.
