

On behalf of the entire board, we hope this email finds you and your loved ones safe and well. As the covid 19 virus pandemic continues to unfold, we regretfully need to cancel the May and June events. We hope to have similar programming in the future.

In the meantime, we are asking all members to think about CAWLC's 2020-2021 meeting topics & events. What would you like to learn, experience, and see? Please email us at: CAWLCinfo@gmail.com and share your recommendations.
