A Professional Association for First Responder Therapy K9 Handlers

*For handlers engaged in law
enforcement, fire rescue and
other support services.*

Why join?

Education and training as an individual and as a team is vital to providing the highest quality of service and care to those whom we serve. No matter if your agency is Law enforcement or fire rescue, standards must not only be met, but exceeded.

The FRTK9 Association was founded with a mission to promote and help provide education and training opportunities for First Responder Therapy K9 Teams. Although membership is not required, we hope that you will become a supporting member of this organization.

Another part of our purpose is to help foster communication and fellowship among Therapy K9 handlers. Therefore, we encourage you to visit our Webpage and Social Media sites to learn more about our association as we grow!

Join Us at the first ever Therapy K9 Conference!

One of the primary reasons of forming this association was to host a First Responder Therapy K9 Conference. As we were in the process of filing our Articles of Incorporation, a handful of Therapy K9 handlers from various agencies around central and south Florida were making plans to come together to cast a vision for this first of it's kind conference. By early December 2025, June 3-4, 2026 and the Seven Sebring Raceway Hotel was selected and secured. What once started as a dream is now soon to be a reality.
