

Policy Statement Environment

SHEWoolf Commitment:

“Our mission is to become essential to our stakeholders, by delivering sustainable compliance solutions and training, that support them with achieving their safety, health, environment and wellbeing aspirations.”

SHEWoolf is committed to supporting organisations in protecting the environment, preventing pollution and operating in a sustainable manner. Our mission is to deliver sustainable compliance solutions and training that help clients achieve their environmental and sustainability aspirations.

We recognise our responsibilities under the Environmental Protection Act 1990 and associated legislation. As a consultancy, we aim to positively influence environmental performance, awareness and culture across the organisations we support.

To support this statement, SHEWoolf will continue to develop, review and where necessary revise the environmental content within our Integrated Management System (IMS) with the requirements of ISO 14001:2015, maintaining third party certification to that standard, with the aims to:

- Continually improve our own environmental performance and the quality of the environmental advice we provide.
- Ensure our consultancy services align with ISO 14001:2015 principles and recognised industry good practice.
- Promote environmental stewardship and support clients in identifying, managing and reducing environmental risks.
- Provide competent, evidence-based guidance that helps organisations meet legal requirements and improve sustainability outcomes.
- Maintain and develop our Integrated Management System (IMS) to ensure our environmental processes remain robust and effective.

In addition, SHEWoolf will:

- Develop, review and improve environmental content within management systems, including policies, procedures and operational controls.
- Support organisations in identifying environmental risks and opportunities, ensuring they are considered early in planning and decision-making.
- Deliver training that enhances environmental competence, including pollution prevention, waste management, sustainability awareness and legal compliance.
- Conduct audits, inspections and compliance reviews to help clients understand performance and identify opportunities for improvement.
- Promote sustainable practices and environmental good-practice examples across the organisations we work with.
- Assist clients in understanding and complying with environmental legislation and other requirements.
- Support incident investigation processes to ensure environmental learning is captured and shared.

Responsibility:

SHEWoolf Directors, will:

- Monitor compliance with this Environmental Policy and associated elements of our IMS.
- Ensure lessons from environmental incidents, near misses and client engagements are communicated and used to drive improvement.
- Review environmental objectives and performance at management meetings and set targets for continual improvement.
- Champion a positive environmental culture both within SHEWoolf and across the organisations we support.

This policy will be reviewed annually or sooner if significant changes occur.
