

BEYOND THE GIFT CARD

Building Trust: Bridging Communities and Research

2024

ONLINE COMMUNITY CONVERSATIONS

Join us from 11:00 am - 12:00 pm CST on the **third Thursday** of each month (Mar - Dec). Through these conversations, we anticipate that community partners will become better informed about the practical implications of research in their work, better prepared to equitably engage in research partnerships, better equipped to create sustainable, community-led interventions, and better positioned to fully fund their work.
