### **Floral Designer Position - *Full-time or Part-Time***

We are seeking a creative problem-solver to help us make floral magic!

Grow with the Flow is an aquaponic flower farm and full-service design studio offering florals for events, and retail + wholesale markets. We are looking for a reliable individual with design experience to join our team. Applicants should thrive in a creative work environment and enjoy working with fresh flowers, creating beautiful floral art. Must be able to manage long-term goals while maintaining daily flower orders.

Weekend availability is a plus.  
Flexible hours.

#### **Qualifications and Skills:**

- Floral Design Experience preferred
- Time-management and Communication Skills
- Positive Attitude, Team Mentality

#### **Duties and Responsibilities:**

- Arranging flowers for weddings, events, including bridal bouquets, boutonnieres, corsages, centerpieces, arches, and other installations.
- Arranging flowers for retail markets, including vase arrangements, hand-tied bouquets, wreaths, wearable floral accessories, and more.
- Assist with event set-up and delivery
- Harvesting, flower preparation, maintenance of tools and equipment
- Flower management, storage, and cleanliness of workspace
- Tracking inventory (materials and supplies)

*Accepting applications until 1/15*
