

Bec

Support Worker

Hi, my name is Rebecca, but most people call me Bec. I would describe myself as a warm, caring, and creative person who enjoys helping others and making a positive difference in their lives.

I love all things creative — from arts and crafts to baking, gardening, and home projects. I'm also an animal lover and have a few pets of my own.

I was born in England and moved to Australia when I was young. A few years ago, I had the chance to go back and visit, which rekindled my love of history and exploring historic places.

In my work, I bring patience, understanding, and a friendly attitude. I enjoy getting to know the people I support and helping them feel comfortable, valued, and encouraged to reach their goals.
