

Dale

Support Worker

Hi, I'm Dale.

With over 18 years of experience in disability support, aged care, and nursing, I provide reliable and respectful support to every person I work with. I bring a friendly, dependable approach that helps clients feel safe, comfortable, and supported.

I stay grounded through daily yoga and walks in nature, and I'm also a long-time motorcycle enthusiast, having owned more than 30 bikes over the years. These interests help me maintain balance, focus, and a positive outlook that I bring into my work each day.

My goal is to support people to feel confident, valued, and able to live the way they choose.
