REGENT GROUP

PRE-QUALIFICATION

ABOUT US

At Regent Group, we pride ourselves in the ability to deliver quality & customer centric products. We have been from the forerunners in manufacturing, designing, fabricating, installing & trading some of the finest in ornamental fabrication, heavy engineered structures, glass & aluminum facades

Founded in 1999 in UAE, Regent Group's growth trajectory emanates from its humble beginning in ornamental fabrication serving the construction industry mainly locally. In 2014 the Group expanded its operations to serve as a specialist in the fenestration business – A badge that we wear proudly today! Over the years our facility has also progressed to be a reliable fabrication & installation partner for clients in the Oil & Gas / Petrochemical market segment.

Regent Group's modus operandi today is a sheer reflection of its firm belief in delivering the best in products & services that are marked high on efficiency & quality. To put it simply, we don't understand the language of - *taking shortcuts!* No wonder our clients refer to us as a **'one-stop solution provider'** for their specific or bespoke needs.

From our divisions are -

- Engineering, Fabrication and Installation of Ornamental Metal Works
- Engineering, Fabrication and Installation of Glass & Glazed Structures
- Engineering, Fabrication and Erection of Light to Heavy Steel Structures & Process Equipment
- Specialist Solution Provider for Automatic Entry Systems

In addition to our excellent team of employees, we facilitate the machinery necessary to handle all types of fabrication providing precision and accuracy to our customers.

With our commitment to Quality, Trust & Reliability we gain an edge over our competitors taking them head on. Customer satisfaction for us is earned and not bought, which is why our pricings are fair that reflects sheer engineered exuberance.

OUR STRENGTH

Regent offers you a wide range of services from initial conception to the final fabrication and installation.

We are dedicated to producing the finest quality ornamental and architectural metalwork by providing superior design, expert fabrication and flawless installation in a wide range of metal alloys, finishes and architectural styles. We pride ourselves on having the perfect facilities, materials, equipment and personnel to carry out architectural metalwork fabrication of any style, size and complexity.

A tight control on production ensure that every product leaving our premises to a customer destination meets the highest standard in quality and reliability.

QUALITY POLICY

Deeply rooted in our motto “Excellence through quality” REGENT GROUP is committed to deliver quality products, services and continues to seek superior standards to ensure that we remain competitive in the business. In keeping with its mark of excellence branding, REGENT GROUP has adopted the following policies.

- All projects and services undertaken will be implemented in a manner that they exceed customer expectations and comply with specifications as well as optimum quality standards.
- The standard of quality of the final products and services will be enhanced through continuous review and advancement of construction process, quality assurance systems.
- The competency of our qualified and dedicated workers at all levels will be nurtured and enhanced quality products and services, continues to seek superior standards to ensure that we remain at a higher level in business.

OUR MANAGEMENT TEAM**AYOUB AL HAMMADI (Partner)**

B.Sc. - Electrical (USA)

Ayoub Al Hammadi is a UAE national. He is our Emirati sponsor and partner in the company. Ayoub is currently the Executive Director of the DAFZA's Customer Relations, Facility Management, Leasing and Licensing Departments. He has more than 20 years of extensive managerial experience in ICT Facility and Operations Management. Prior to joining DAFZA, Ayoub spent 12 years at DUBAL where he took on various supervisory Plant and Administration positions, the last of which was as Manager of IT Department Services. Aside from his broad industry experiences, Ayoub holds a Bachelor of Science Degree in Electrical Engineering from the University of the Pacific in Stockton, California, USA and has undergone several extensive training programs including INSEAD Management Course.

ALTAF SHAIKH (Managing Director)

B.E. - Mechanical (India)

Altaf Shaikh is an Indian national. He has to his credit a hands-on work experience of 25 years in the manufacturing and gold refining industry in Kenya and Dubai. Egged on by his entrepreneurial spirit, he gravitated to a variety of business maintaining high standards of efficiency. His knowledge of the trade and business and his intense zeal and highly focused approach has earned him accolades within the business fraternity. Aside from his broad industry experiences, Altaf holds a Bachelor of Engineering Degree in Mechanical Engineering from Shivaji University, India.

ABBAS SHAIKH (Director)

B.E.-Mechanical (India), M.B.A. - Finance (Australia)

Abbas Shaikh is an Australian national. He is an Engineering graduate from Shivaji University, India, and a Management graduate from the Latrobe University, Australia. With five years' experience as a Trader in the Steel & Recycling Industry in Australia, Abbas has now put his talents to use in UAE. With a successful track record in the field of Finance & Operations Management, he brings in with him the passion for excellence and systemization. Extolled with people skills, he is known to foster close relations with client firms to well understand their corporate cultures and needs.

SHAIK MEHMOOD HASSAN (Consultant)*BE- Mechanical (India)*

Shaikh Mehmood Hassan is an Indian national. He is an Engineering graduate from BVM Engineering College, India. A competent Technocrat with over 47 years of experience, he held many executive positions in industries with specialization in project management and maintenance of large scale fertilizer and chemical industries in India and Saudi Arabia. He is an Acclaimed Team leader known for developing Team spirit, a driving force for inspiration and motivation with built-on total confidence to produce effective results among subordinate personnel. He has been a recipient of several Appreciation and Prestigious awards for Non-Resident-Indians for his meritorious community services

KHALID SHAIKH (Div. Manager - Glass & Aluminum)*BE-Mechanical (India)*

Khalid Shaikh is an Indian national with over 15 years of experience in the construction industry. Khalid specializes the field of Glass Aluminum & Facade Engineering. He has assumed many position of responsibility in project management with key emphasis on project critical paths & meeting delivery deadlines. He has always added value to the tasks assigned to him and attended numerous training program. Khalid to his credit holds a Bachelors of Engineering Degree in Mechanical Engineering from Birla Institute of Technology, India. Khalid to his credit holds a certificate in Green Building sustainability organized by ESTIDAMA, Abu Dhabi, UAE.

SYED KAMRAN UL HAQUE (Business Development Manager)*BSC. Finance (USA)*

Kamran is a Pakistani national with over 14 years of experience in Sales & Marketing, Business development, Relationship management and E-commerce. He started his career back in 2004 when he joined Mashreq Bank as a technical assistant, with his hard work and constant dedication Kamran became the E-commerce manager acquiring within 2 years of his joining and from there moved on to product manager for Mashreq's Islamic banking. His passion for sales, marketing and relationship management pushed him to further grow but this time in the construction industry. Now it's been 10 years and with immense dedication, self-motivation and a believer in team work, Kamran manages the entire sales team of Regent and all marketing efforts that help to grow Regent on a local and International level.

HEALTH, SAFETY & ENVIRONMENT POLICY

REGENT STEEL INDUSTRIES

HEALTH, SAFETY & ENVIRONMENT POLICY

Our aim is to act responsibly to encourage and train employees and suppliers to recognize their environmental activities and the benefits available to them, by implementing environmental, health and safety policies.

We want to achieve a high level of occupational health and safety performance through safe working practices and compliance to legal safety requirements.

We will provide for safe use, handling, storage and transport of all articles, tools and substances used.

RSI will provide any Information, Instruction, Training & Supervision as is necessary to promote the Health, Safety & Reduce the environmental impact of its Employees.

Our Objectives:

- ❖ To set & maintain high standards of Health & Safety at all locations.
- ❖ To continually improve our safety & Environmental Waste reduction Performance.
- ❖ Prevent Pollution and protect the Environment by supporting our Environmental Policies.
- ❖ Minimize Waste & the use of Energy, Water and other natural resources in our Operations.
- ❖ Consider opportunities to make a Positive Contribution to the Environment in all activities.
- ❖ Encourage Active Participation from Company Staff at all levels in Improving Health, Safety & Environmental Performance.
