# Floor Plan

# Describe the concept.

I am going to base my concept on my own home. My intended customer/demographic are young adults or families that seek adventure and yearn for life's peaceful moments. I think the most appropriate colors will be mostly neutrals, with pops of dark green to blend the interior of the space with the surrounding exterior. This home will be located in the mountains. I want this home to be comfortable, cozy, peaceful, and just plain beautiful. I want this space to encourage adventure in the nearby outdoors.
