We are very excited to announce that registration for the first annual Canadian Festival of Old Cars (CFOC) is now open. Plans have come along very well, and we are confident that it will be a weekend of fun for the entire family. The CFOC is more than just a car show!

Here is a short list of some of the exciting activities you and your guests can expect.

- Join a wonderful display of cars, trucks, motorcycles and bicycles from 1898 up to 1932.
- At your leisure drive your antique vehicle on a route around the museum's large campus.
- Listen to the musical entertainment and try the various food truck cuisines.
- Take the opportunity to participate in car games.
- Watch a Model T Ford assembled from a pile of parts in just minutes.
- Possibly show your car in a Pass in Review, where a number of the cars are introduced to the spectators.
- Join other special presentations and demonstrations.
- Participate in fun activities geared for kids or the entire family.
- Join a Saturday evening social geared to all participants and their guests.

The CFOC is not a "static" car show, and there is no competitive judging. Hot rods and modified vehicles are not eligible. ***Space is limited***, so register now. A description of your vehicle, accompanied with a picture, will help speed the application process. You will be notified as soon as possible if your vehicle has been accepted. At that time you will be asked to submit payment of \$30 per vehicle which includes passes for the driver and three guests.

There will be ample parking for your truck and trailer. Trailer parking and on-site check-in will be open as early as the Friday evening before the event. Camping and hotel accommodations are a short drive away.

For more information and online registration use this link:
