

Singles Air Hockey Tournament Rules

- The puck must be returned to the center of the table after each goal.
- The player that scored last must serve first.
- Players are only allowed to use their paddle to hit or block the puck.
- No physical contact is allowed between players or between the player's paddles.
- Each player has five seconds to make a shot before play stops and a face-off occurs in the center of the table.
- If an illegal shot is made such that it does not cross over into your opponent's side of the table, then possession changes immediately.
- **A game ends when one person or team scores seven goals. This is a one and done tournament.**
- If time runs out, then the player with the most goals wins.
