

BATHROOM RENOVATIONS SERVICE SCOPE

✔ DEMOLITION

Complete removal and disposal of existing bathroom fixtures, tiles, and fittings to prepare the space for renovation.

✔ MAKE-GOOD

Repairing and leveling walls and floor surfaces to create a perfectly flat and stable base for new finishes.

✔ WATERPROOFING

Professional application of high-quality waterproofing membranes in strict accordance with Australian Standards.

✔ TILING

Expert installation of floor and wall tiles, including precise layout and full-height tiling from floor to ceiling.

✔ PLUMBING

Full plumbing services including disconnection of old units, re-routing pipes, and installation of new tapware and mixers.

✔ ELECTRICAL

Safe installation and upgrading of electrical components, including GPOs (power points), lighting, and exhaust fans.

✔ FITTINGS / FIXTURES

Secure and professional installation of all bathroom essentials such as showers, bathtubs, vanities, and toilets.

✔ PROJECT MANAGEMENT

Complete oversight of the project, including material sourcing, coordination of trades, and all site deliveries.
