

Big Bear Association of REALTORS® Inc.

P.O. Box 1563 • 40861 Stone Rd.

Big Bear Lake, CA 92315

email: bigbearaor@gmail.com

(909) 866-5891

Big Bear Association of REALTORS® uses Trestle (a Corelogic product) for all data feeds from our MLS. We offer both traditional RETS and Web API feeds. All feeds are RESO compliant.

A data feed can only be obtained if the data is to be displayed on a website owned and representative of a Participant/Subscriber of our MLS. It can also be obtained by vendors who use the data to provide reports and/or services to Participants/Subscribers of our MLS.

At this time, we are still in the transition phase with Trestle.

To inquire about obtaining a feed, please contact Trestle directly at trestlesupport.res@corelogic.com and state that you are a new vendor requesting a data feed from Big Bear. Someone from their team will reach out and direct you on what to do/provide documents and information on how to get started.

The Broker's fee from BBAOR is \$75 per year and is billed through the vendor via Trestle. Trestle charges \$75.00 per month to the vendors.

Again, you may contact Trestle with any further questions.
