AL Assembly – “Impact of Social Media”

This year our first assembly which is based on the topic “Impact of social media” will be conducted on Monday, 5th July, 2021 between 7:30 and 8 AM. Featuring Sanchit as the narrator, everyone is excited to see how the assembly plays out. However, there have been whispers expressing doubts about whether or not Sanchit is up for the task. Will he be able to satisfy the highly anticipative crowd? We know he is no Aaquib, but let’s see if he can prove himself worthy on the virtual stage.

Resurgence of Covid...Again!

Just as we thought we had put covid behind us for a second time, it came racing back like a toxic ex. This time, though, it’s guaranteed to be even deadlier due to the emergence of the delta plus variant, which could lead to yet another setback to the ongoing recovery from the first two waves. The third wave is predicted to hit the country in late December, but based on our professional opinions, we expect it to arise around August. We advise you to get vaccinated as soon as possible and also, to stay home and to stay safe.
