

BOOKWORM

Summer 2013

PRESIDENT'S MESSAGE

Spring time is here and summer is soon to follow. I hope summer makes you think of lazy afternoon reading a good book. This summer our new Youth Services Librarian, Tony Carmack, has a fun filled summer program to promote reading and enrichment activities. The Rocklin Friends of the Library are again the proud sponsor of the summer program. Please see Eve Nyren's article for more information.

The Rocklin friends are also planning two upcoming fund raising events. On Saturday May 25, 2013 will host a book sale in the community room of the library from 10:00 am until 4:00 pm. All books will sell for \$.50 or \$1.00. In the fall the friends will host a golf tournament on Friday October 11, 2013. The golf tournament will be held at Whitney Oaks Golf Course. If you have questions please contact Mark Riemer at 916-770-5404 (see article in newsletter). In the September newsletter we will have more information about how you can support or participate in the event.

On a more somber note I want to inform you of the deaths of two longtime members. In the fall of last year Thelma Birkhead died after a long well lived life. Thelma sorted hundreds of children books for the Rocklin Friends and was always at book sales ready and willing to help children find that perfect book. Thelma was a very caring and giving person. This spring we lost Joy Haessler who held positions in the Friends as editor to the newsletter, secretary, and memorial and honors chairperson. Joy was a delightful person to know and the members will miss her sunny personality at our meetings! Our group was certainly blessed to have these two ladies as active members.

Jeen Maitland, President

Note: FOL meetings changed to 2nd Tues. of the month. Next meeting June 11th. No meetings in July and August.

From the Library

The Institute of Museum and Library Services released its latest Public Library Survey in 2012, though the data is from 2009 and 2010. (Budgets have been dropping ever since 2007.) The California Public Libraries snapshot shows each full time library staff member is serving over 3,000 population, and financial and resource numbers are down from 2009 to 2010 though circulation is up in the same period. Expenditures per capita were \$32.63, and circulation per capita was 6.35 items, or an average value of roughly \$107.00 per capita, not counting computer use, programs and other library services and materials. For this calculation I use the price of \$17.00 as an average book price.

The report also includes this information on library funding nationwide: **Total operating revenue of public libraries and percentage distribution of revenue, by source of revenue and state: Fiscal year 2010**, which reports that an estimated 84.8 percent of public libraries' total operating revenue of \$11.3 billion came from local sources; 7.1 percent from state sources; 0.5 percent from federal sources; and 7.6 percent from other sources, such as monetary gifts and donations received in the current year, interest, library fines, fees for library services, and grants.

The local, state and federal sources are all governmental. This might surprise some of our customers who have told me they thought the library was funded mostly by fines and the Friends of the Library. Vital though the Friends of the Library are, they do not have the resources to shoulder a large portion of the library budget.
