
Chapter Activities - November 2021

Cathy Clark presented a demonstration of fabric dyeing using ice. She spent time as an artist-in-residence at the Petrified Forest, and developed a palette of fabrics using the colors found in the Petrified Forest to create art quilts. She demonstrated the technique of using chipped ice and powdered dyes to create a variety of colors and textures

Samples of fabrics Cathy dyed

Cathy showed how her fabric swatches were dyed to match the colors of the landscape.
