It is an honor to thank you once again for your generous support of our 16th annual GAA golf outing!

We hope that everyone has a terrific day of golf and fun today! Your giving directly supports people with autism. The pandemic has been so difficult on everyone, especially families with extra needs. Through your support, we were able to help many families in challenging circumstances struggling with school, home aggression, financial challenges, and lack of in-home therapies and respite. This past year we assisted the Branching Out Foundation to open their doors of the brand-new Page One Resource Center! We aided Autism New Jersey in providing families with support and resources, as well as their advocacy with legislators in Trenton. Along with BOF, we led local autism support groups and events for parents providing monthly meetings, literature, grants, and recreation. We partnered with the Crayola Experience and Freefall trampoline park for sensory friendly family events. Through our GAA Grant program, we funded grants to families and teachers for iPads, training, equipment, educational materials, as well as outreach to local schools, camps and special needs organizations. As always, **100% of net proceeds are used to support our mission: “money raised here, stays here.”**

Thanks to your overwhelming generosity at last year’s golf outing, we were able to grant >\$125K:

- ❑ ***\$44,000 Autism NJ:*** Autism NJ diligently works and advocates improving the lives of people with autism. ANJ provides information, advocacy, consultation, services, family and professional education, and works to enhance public awareness
