WELCOME SIGMAS

This week the 42nd Annual **Conclave** of Phi Beta **Sigma** Fraternity is being held in Miami with the **Rho Sigma** Chapter as host.

On Thursday evening the opening program was given at the Mt. Zion Baptist Church.

The principal speaker was Dr. George D. Flemmings, national president. His subject was "Civil Rights, America's Challenge."

Awards were made to State Rep. John B. Orr, Jr., J. R. E Lee, business manager of the Florida A and M University and Neal Adams, local business man

Meeting of the **conclave** in Miami, carries our mind back to the year 1925 when the **Rho Sigma** chapter, first Greek letter fraternity to be organized among us in Miami came into existence. We are pleased to know that this chapter of which we then became a member, is active again.

There are still some of the charter members around. Dr. H. H. Green, Dr. Kelsey Pharr and J R. Taylor

The Miami Times extends a cordial welcome to our Greek visitors. We hope their deliberations will prove beneficial and that they will carry away many pleasant recollections not only of Miami, but of Dade County as a whole.

The above article mentions Bro. Taylor....
