

Warrior Caps, LLC

Charitable Giving Policy

Cold cap therapy may not be right for everyone, but our goal is for everyone to have a choice, regardless of location in the USA, insurance status, or income level.

Warrior Caps, LLC will work exclusively with the Fleener Family Foundation to ensure caps are available to those in need. The Foundation will have sole discretion on the application requirements and distribution of the caps based on criteria set by the Foundation. Warrior Caps will facilitate billing, shipping, training and usage.

About Warrior Caps LLC

Warrior Caps was founded in 2016 after founder, Lisa Ferrand completed treatment for breast cancer with the goal of lowering the cost of cold caps and providing superior support for all those fighting cancer. Today, Warriors are found from the east to west coast, both male and female of all ages with various types of diagnosis.

About the Fleener Family Foundation

The Fleener Family Foundation was created in 2019 and re-established in 2025 to honor Mae Fleener. Throughout her long life she gave both monetarily and with her time, even when she had little of both. Having watched her daughter, sister, granddaughter, niece Rusty as well as other family members and friends battle cancer, this foundation will be primarily focused on supporting causes relating to women and children's health.

The Foundation has applied for a 501c3 designation and will accept tax-deductible donations. There is no express or implied guarantee on the amount of funds given to any entity. By giving to the Fleener Family Foundation you agree the funds will be allocated in the way the Officers of the Foundation see fit to further the mission of helping women and children in the health sector. For donations at the \$5,000 level or above, the Foundation will work with the donors to craft an allocation plan.

For more information please contact the foundation at info@fleenerfamilyfoundation.org
