Ballot Proposals 2026-1	A proposal to convene a constitutional convention for the purpose of drafting a general revision of the state constitution The Michigan GOP position is to Vote NO	
Ballot Proposal 2026-2	A proposed initiated law to prohibit campaign contributions from certain regulated utilities and government contractors and apply campaign finance laws and regulations to additional types of political communications As of 9/16/26, no clear statewide GOP position has been presented. Proposal 2 cuts across party lines rather than having a simple Republican “yes” or “no.” Rescue Michigan warns, “It is easy to point to someone whose speech is unpopular as a pretext for general censorship, and that is the trick here. The goal is to control <i>everyone’s</i> political speech, including people who form organizations to inform their fellow citizens and advocate for and against policies that affect our lives. Not one word of this proposal is constitutional.” VOTE NO!
