

# Happy July!

## This Month's Themes

- Week of July 8: Beach
- Week of July 15: Science Experiments
- Week of July 22: P2LPS Olympics
- Week of July 29: Spirit Week

**Every Wednesday of this month Soccer Shots will visit between 9:30 and 10:00 AM. Please remember to bring sneakers!**

**Every Friday of this month is Water Day! Please remember to bring swim suits and a towel. We are not allowed to apply lotions without a signed medical form. If you would like for us to apply lotion, please stop by Michelle's office to fill out the medical form. We have to store all lotions in a specific cupboard in the classroom. We will label your lotion and use it on water day.**

**Preschoolers can spill on themselves, get their clothes dirty with paint or sand, or have an accident in their pants. These are all great reasons to keep extra clothing in your child's cubby or bookbag. We have used our backup resources, so it is important that you provide extra clothing for those oops moments. :)**

**We would love to have you or family members visit during the day. Have lunch with us or read a story to a class. Just send Michelle a note through Class Dojo or an email at [mbertine@p2lps.com](mailto:mbertine@p2lps.com) and she will set up a time to do an activity. You can visit for lunch anytime. We eat between 11:15 and 11:45.**

**We will begin advertising for enrollment for our 2024-2025 school year next week. I will have flyers on the front table. Please feel free to take some to share with your friends and family. Our first day of Preschool will be September 2, 2024.**

**Our local business wall needs more businesses. :) If you would like to share your business, give Michelle a business card, flier, or QR Code and she will hang it up for you.**
