

Our Traffic School has Three Different Functions.

1. Used to **reduce a moving violation to a non-moving violation** at court. This usually must be done before paying the fine. Please confirm your court is willing to do this. The result of this is the DMV will not get a record of a moving violation, therefore your insurance rates will not be affected. (in this case we will provide you with a certificate to take to your court)
2. Used to **reduce demerit points at the DMV**. This is done after the court has reported violations to the DMV. Reducing demerit points will have no affect on your insurance rates. Insurance companies rate violations, not points. This use of the traffic school is usually beneficial if a person has a job that requires zero demerit points or if a person is in fear of losing their license due to an accumulation of points. (in this case we will fax a certificate of completion to Nevada DMV)
3. Option three is for drivers 55 years or older. By Nevada state law, insurance companies must offer a senior **defensive driver discount** on automobile insurance. This discount DOES NOT have to be honored if the insured has had any accidents or moving violations in the prior three years. This discount is valid for three years. (in this case we will provide you a certificate for your insurance carrier)

Our course material is online, to be completed at your convenience. Your progress will be saved at the end of each of 11 sessions. You must complete all 11 sessions to obtain certification. Once you have completed the online course, you will then be asked to visit one of our testing sites. At our testing site you will be asked to complete a final exam, and pay for your certificate. The in-office exam is the same material you complete online. We have testing sites in Sparks and Carson City.

Helpful hint: at the beginning of the online content, you will be asked 10 security questions. These security questions will pop-up randomly during your course. PLEASE...use simple answers and write them down. Note: capitalization will matter!

We have been offering our Nevada Traffic School to our clients for over 20 years as a service to compliment our primary business. Interstate Insurance Services has been locally owned and operated for over 35 years. We hope this course is helpful, and look forward to meeting you. If you have any questions call anytime, and don't forget to tell your friends!
