

BAŠKOT

Tradicionalni pomorski kruh, baškot, simbol je opstanka na dugim putovanjima. U ovoj skulpturi postaje znak nade, ustrajnosti i putovanja. Povezuje obiteljsku priču s Mediteranom kao prostorom odlazaka, povrataka i neprestane potrage za sigurnim domom.

BAŠKOT

A traditional sailor's biscuit, baškot has long symbolized survival on long sea voyages. Here it becomes a sign of hope, endurance, and the human need to keep moving forward. It connects the artist's family story with the Mediterranean as a place of departures, returns, and the enduring search for home.
