

DNEVNICI MIGRANATA

Migracije su stare koliko i ljudska povijest. Ovaj rad povezuje drevna putovanja Mediteranom sa suvremenim sudbinama ljudi koji napuštaju svoje domove u potrazi za sigurnošću, dostojanstvom i novim početkom.

MIGRANTS' DIARIES

Migration is as old as human history itself. This work connects ancient journeys across the Mediterranean with the lives of people who continue to cross the same sea in search of a safer and better life. Thousands have set out with hope. Many have never reached the other shore.
