

ODISEJA

Monumentalni keramički mural promatra Mediteran kao prostor putovanja, opasnosti i civilizacijske memorije. Karta ovdje nije samo geografski prikaz nego prostor sjećanja, susreta i neprestanog kretanja ljudi kroz vrijeme.

ODYSSEY

Rather than depicting geography, this monumental ceramic mural maps memory. The Mediterranean appears as a landscape of journeys, encounters, danger, and cultural exchange—a place where human stories have crossed for thousands of years.
