

POSEJDON

Bog mora ovdje postaje simbol sila koje ne možemo kontrolirati. More je oduvijek bilo prostor putovanja, migracija, nade i gubitka. Posejdon svjedoči ljudskoj hrabrosti, ali i tragediji. Podsjeća nas da su migracije, rastanci i potraga za domom univerzalna iskustva koja povezuju antički i suvremeni svijet.

POSEIDON

Here Poseidon becomes a symbol of forces beyond human control. Since ancient times, the sea has been a place of journeys, migration, hope, and loss. Poseidon bears witness to human courage, but also to tragedy. He reminds us that migration, separation, and the search for home are universal experiences that continue to connect the ancient and the contemporary world.
