

Victoria Abernathy Bio

Victoria serves as a market place minister outside of church walls. Until her transition to Western North Carolina, she served in the Charlotte metro area as a Market Place Chaplain to three businesses providing personalized care to female employees. She is an ordained minister in the marketplace through Kingdom Business Association, Morningstar Fellowship Church. Prior to her ordination at KBA, Victoria was ordained in 2003 through Advocate Ministries in Birmingham, Alabama.

She has a Master's Degree in Market Place Ministry from Primus University of Theology and a Master's in Leadership from Morningstar University. Victoria completed Marketplace Chaplains Academy Training prior to serving business in the Charlotte Metro area.

Victoria's professional experience started in banking in 1978 where she advanced from retail banking to the downtown Corporate Banking Center in Charlotte, North Carolina. She was employed as a Senior Performance Analyst and Staffing Specialist for First Union National Bank before relocating to Texas in early 1993.

After relocation to Texas, she co-owned and co-managed a successful building and development company (now dissolved). Victoria obtained her Texas real estate license in 2000. Currently, she is an acting Broker in North Carolina.

From 1993 to 1999, Victoria was office manager at Kerrville Aviation where she oversaw the financial operations and interacted daily with employees, flight instructors, and customers.

Serving in the marketplace through business has been, and is, a lifestyle for her even prior to being ordained as a minister.
