

Dr. Bridges NCS charges 2026

Dr. Bridges has asked her patients to pay a fee to continue care with her. This fee covers administrative services not covered by insurance plans as well as the time she spends in between patient visits. These fees will allow for a smaller practice size, more flexible scheduling options for current patients and increased communication between visits (that insurance does not allow for). Patients that opt out can choose a per-visit fee, to continue care with LIM associate Dr. Hawthorne, or to have records transferred to an outside physician or facility.

I authorize the above NCS fee payment(s) to be initiated from the Leavenworth Integrative Medicine (LIM) system starting on the date this form was signed & received for the pre-paid yearly fee or monthly fee or on the day of an appt for the per visit fee. I understand I can cancel the monthly NCS payment with a written or verbal notice 7 days prior to the next billing cycle. I realize if my card on file is declined, I will be contacted at the next billing cycle and if a new card is not added on the account, I will be automatically enrolled in the per visit fee. I realize the yearly paid in full fee is nonrefundable and nontransferable. At the end of one calendar year from my payment, I can renew my plan or I will be automatically enrolled in the per visit NCS fee.
