

## **Leavenworth Integrative Medicine**

### **Non-Covered Services Fees/NCS Fees:**

Dr. Bridges has asked her patients to pay a monthly/yearly fee to continue care with her. This fee covers administrative services not covered by insurance plans as well as the time she spends in between patient visits. These fees will allow for a smaller practice size, more flexible scheduling options for current patients and increased communication between visits (that insurance does not allow for). Patients that opt out can choose a per-visit fee, to continue care with LIM associate Dr. Hawthorne, or to have records transferred to an outside physician or facility.

### **Option 1 (preferred)-**

Monthly NCS (or prepaid yearly): This will allow patients who purchase products routinely to receive an increased discount (20% off products in Fullscript), 15% off Access labs (drawn in office), flexible scheduling, waived last minute cancelation fees, and continued quality care. Insurance for visits, tele-health and procedures will be billed as usual.

### **Monthly Fee/Prepaid Year Fee:**

1. Adult: \$30/month or /\$324/year, Each additional family member (after first adult): \$10/month or \$108/year
2. Senior: \$20/month or \$216/year
3. Child: \$20/month or \$216/year

**What if I only have a couple of visits/year? That's Ok! You can opt out of the monthly fee (or prepaid yearly fee) and pay a per-visit fee.**

### **Option 2 (Per Visit)-**

1. Adult: \$40/appt.
2. Child: \$30/appt
3. Senior: \$30/appt

Please note, that the above per visit fees **do NOT** cover additional discounts in Fullscript, Access labs, or the waved no show/last minute cancelation fees. Communication in Charm between visits will also be more limited.

## **Leavenworth Integrative Medicine**

### **What does the Fee Cover?**

- Messaging in the Charm portal\*
- Management of our small private practice
- Coordinating insurance and pharmacy authorizations
- Additional paperwork, lab orders and coordination of care between appts
- Flexible scheduling with less wait time
- 15% off Access labs
- 20% off supplements in Fullscript (for monthly and prepaid yearly members only), all other patients receive 15% Fullscript

### **What If I cannot Afford the Fee?**

We understand that this model or fee may not be economically feasible for everyone. Please contact Dr. Bridges in your Charm patient portal or call the office to request scholarship assistance for established patients only (very limited # available) or to help with a smooth transition of care to a new provider.
