Leadership Cybersecurity Multi-Site	Strategy Governance P&L	Digital Transformation Applications & ERP Infrastructure & Cloud	Business Acumen Operations Innovation	M&A Strategy Team Development Vendor Management

SUCCESS STORIES

- **Customer-Centric Strategy**: Built high-performing, globally distributed teams from scratch, adhering to ITIL, Lean, & Agile best practices, while maintaining a **World-Class Service** approach

- Completed several **M&A Projects**, including Integrations & **Carve-outs** of Infrastructure, Cloud, ERP, Business Apps & Staff

- Delivered **large-scale, multimillion-dollar IT & OT critical projects**, covering over 100 offices, sites, plants, and airport terminals, in addition to **SAP** and **Oracle ERP** implementations

- **IT Service Management**: Implemented ITIL, SLAs, KPIs & Change Management to improve the quality-of-service delivery, resulting in consistently high customer satisfaction scores above 90%

Focused on Cost & Efficiency

Slashed $500k implementing cloud services, including Azure, AWS, Microsoft 365, ERP, and SaaS

Reduced $1M by adopting an ITIL Service Desk balancing outsourced, and in-house resources

Decreased $500k by optimizing agreements with third parties

EXECUTIVE EXPERIENCE

FERROVIAL | Austin, TX | New York, NY

GLOBAL HEAD OF IT & CHIEF INFORMATION OFFICER | 2022 – Present

Ferrovial, a global infrastructure operator in 15+ countries with $20B in annual revenue, includes Airports and Energy divisions, where I served as the Global CIO, overseeing JFK Airport New Terminal One, and a diverse energy portfolio including Solar & Wind plants, Power Lines, and Waste Management in the US, UK, Spain, Poland, & Chile

My Key Achievements
- Developed the 2022-26 strategic roadmap, prioritizing revenue, world-class service, security, & innovation
- Designed and implemented systems including ERP, CRM, HCM, EAM, DMS, as well as Operation Technology.
- Built the local IT team from the ground up: Security, Apps, OT, Support, Infrastructure, Governance & Innovation
- Designed cybersecurity, disaster recovery, high availability, and on prem vs. cloud, strategy
- Regularly updated the Board of Shareholders, aligning with company goals, and effectively conveying progress

THE NEW TERMINAL ONE AT JFK AIRPORT | New York, NY

INTERIM CHIEF INFORMATION OFFICER | 2022 – 2024

As the Chief Information Officer of Ferrovial's Airport Division, I acted as Interim CIO for The New Terminal One at JFK airport while building the local team in NY, setting up the technology department & strategy from scratch

The New Terminal One at JFK Airport in NY, a $9.5 billion world-class terminal set to open in 2026, will rank among the top ten globally and become the largest passenger terminal in the US, with Ferrovial as the majority stakeholder

FERROVIAL | Austin, TX

VICE PRESIDENT OF IT & CHIEF INFORMATION OFFICE | 2018 – 2022

Served as Global CIO for Ferrovial Services, Ferrovial's international expansion platform, with $1.5 billion in annual revenue and a 30% growth rate. The platform operated in the USA, Canada, Chile, Portugal, and Australia, and provided services to the Oil&Gas, Transportation Infrastructure, Waste and Facilities Management industries

My Key Achievements
- Deployed strategic plan using a mix of in-house and outsourced resources, shifting from a fully outsourced model
- Completed digital transformation migrating to a fully cloud-based environment (Azure, AWS, Microsoft 365)
- Built IT Department from scratch: Cybersecurity, Applications & OT, Service Desk, Infrastructure & Governance
- Finished carve-out from previous parent company, divestiture of O&G business, and integration projects
- Implemented SAP ERP, Dynamics CRM, PowerBI, HCM, and SaaS applications like Asset Management
- Delivered Security, Business Continuity and Disaster Recovery plans
- Completed 50+ mobilization projects and established a PMO to align IT with business objectives

ABENGOA | Phoenix, AZ

DIRECTOR OF IT | 2012 – 2018

Served as the Global Head of IT for Energy, Construction, and Water divisions in the US, Canada, Mexico, and Chile during construction and operation of some of the world's largest solar and biomass plants, like the $2B Solana in Arizona, the $1.6B Mojave in California, and a $1.2B plant in Chile. Abengoa's annual revenue was $7 billion and was sold to Cox Energy

My Key Achievements
- Partnered with division leaders to develop a vision for IT that was closely aligned with corporate goals
- Completed Cloud migration and rollout including Microsoft 365, Azure, and SaaS applications
- Completed 30+ mobilization projects: offices, sites & plants. Deployed new headquarters in Phoenix, AZ
- Deployed custom cloud SaaS applications: stock management, traceability, and inspection

J.P. MORGAN & CHASE | Montevideo, Uruguay

DIRECTOR OF IT | 2011 – 2012

Served as the country Head of Information Technology at J.P. Morgan's world-renowned Call Center/BPO division, which had 100+ worldwide locations, 50k+ employees, and $2.5 billion in revenue. The subsidiary was later sold to Alorica

My Key Achievements
- Built the IT Department from the ground up to support more than 1,000 white collar employees
- Designed and deployed new headquarters infrastructure and datacenter, successfully bringing all IT services live

EDUCATION

Master of Business Administration   University of Illinois Urbana-Champaign | GPA: 3.9
Bachelor of Science in Computer Science   Catholic University of Uruguay
