

KidzZoo closure announcement

It's with great sadness that we're announcing the closure of KidzZoo Soft Play and Party Venue on 27th June 2024.

Despite our best efforts, the increased cost associated with running a small, hospitality business on the high street means that it is no longer financially viable for us to keep trading.

We wish we had time to say goodbye to all our customers and friends but have been advised to close our business sooner rather than later.

Thank you so much to all our loyal customers for your support over the last 5 years. We have so many wonderful memories of time spent with you and your little ones. We wish you and your children good health and happiness for the future.

Finally, thank you very much to all our staff members, past and present, for your hard work and dedication.
