Will They Serve or Will They Enslave Humanity?

SUSTAINABLE DEVELOPMENT UNITED NATIONS 2030 AGENDA  
WHAT DOES IT MEAN? WHISTLE BLOWER NOTE 101

They make it sound as if this is being done to protect the rights of the LGBT community. Bullshit! If the LGBT community is smart, they would fight against the UN 2030 Agenda because it's not in their interest for they shall be done away too. One trap fit all. They will be producing human beings from incubators that will be sterile at birth having transgender features and qualities so that a woman is not needed to carry babies anymore. That's why they are rapidly promoting Black and White Women into top leadership positions of every government position and corporate office as possible. It's to emasculate the male so that they become dysfunctional and weak not having the masculine warrior strength and income needed to stand up against the government to fight these atrocities. Once you cross the sex line going from male to female or female to male, you become compromised, weak, passive, ineffective and more controllable, ready to obey and follow orders. Woman can't live out her true nature of being protective, caring, feminine, sensitive, and sexual. Men become dormant, passive, unmotivated, drunk, and weak. This is the world that they are planning and designing under United Nations and World Health Organization Sustainable Development 2030 Agenda sold as a plan to put all workers in S.M.A.R.T cities living off universal (slave) income to eliminate "poverty" by 2030. You shall own nothing, and you shall be happy. If you don't understand what they are planning, you are living in the dark. Wake up!
