

DESCRIPTION OF PROGRAM

Audience

City Chamber Members, Community Leaders, Business Professionals, Social Club Members

Program Title

The Power of Showing Up: An Attachment-informed Approach to Networking

Program Description

Networking is more than just exchanging emails or business cards—it's about creating meaningful connections that open doors to new opportunities and collaborations. In this interactive session, you'll learn how an attachment-informed approach can transform the way you build relationships by helping you understand yourself and others on a deeper level.

Key Learning Points:

- **Discover Your Attachment Style:** Understand how your attachment style influences your interactions, enabling you to overcome networking anxiety and navigate conversations with ease.
- **Master the Do's and Don'ts of Communication:** Learn actionable strategies to communicate authentically, avoid common missteps, and build rapport quickly and effectively.
- **The Power of Follow-Up:** Develop a follow-up system that fosters trust, strengthens connections, and keeps your network engaged over time.

Why Attend?

Whether you're a seasoned professional or new to networking, this program will equip you with the tools to forge lasting connections and leave a memorable impact. Learn how showing up authentically and understanding others can be your greatest networking advantage!

Show up authentically, communicate effectively, and watch your network—and you—thrive!

ABOUT ARIC BOSTICK:

For the past 25 years, Aric Bostick has been inspiring and empowering audiences as an Employee Engagement and Leadership Speaker. He has delivered impactful presentations to more than half a million people across the United States at conferences, events, and within school districts.

Aric merged his extensive teaching and speaking experience with his passion for supporting educational and corporate leaders by creating his *Attachment-Informed Leadership* program. This innovative training integrates the latest research in attachment theory and interpersonal neurobiology, offering leaders actionable insights into the development and quality of relationships throughout their personal and professional lives.

Aric's dynamic approach equips leaders to cultivate stronger relationships, drive engagement, and create thriving environments for teams to succeed.
