Lytec Document Management and Scanning
User defined categories personalize your screen's look and feel. The ability to open a patient and drop or scan a document in to their folder and search, view, edit, retrieve and annotate or assign by name, category or date reduces effort and improves efficiencies. Never lose a referral, lab result, letter, x-ray or note ever again.

Lytec e-Fax Solution
Easily send and receive faxes via HIPAA compliant efaxing powered by Updox. Faxes are easily managed, organized, reviewed, retrieved, and stored using your Lytec data for integration and dashboard reviews.

Lytec Patient Engagement
Unlimited phone, text, and email module for patient appointments, reminders, surveys, medication adherence, general health, practice marketing and bill payments. Link directly to your website for patient forms and appointment requests.
