The Providers Lytec Market Place delivers the best products and services designed to address key practice indicators in practices using the Lytec practice management system.

Electronic Prescribing Solution	It is now the law. The prescribing of controlled substances must be done electronically. Please call for your states updated rules.
Electronic Lab Results	Labs offer electronic lab results, replacing the need for faxes. You do not need an EMR to receive and store lab results electronically.(Sample: Quest, LabCorp, CPL,,,)
Document Management and Cloud Faxing	Getting organized, saving time and reducing costs are a few of the benefits of adding this powerful module to your Lytec Practice Management system.
Internal Staff Messaging	Reduce miss-communication, track patient calls and to-do lists while becoming more organized saving time.
External Secure Messaging and Patient Portal	Safe, Secure and compliant communication with providers, patients, caregivers and your community creates better health and loyal patients.
New Patient Statement and payment Services	Improve your bottom line by providing easier to read patient statements and more payment options.
Patient Engagement Solutions	#1 revenue loss indicators are no-show and cancelled appointments. Allowing to use the Lytec data to remind patients of appointments will increase revenue immediately.
Lytec Upgrade Services	Receive the very best prices on Lytec upgrades and upgrade services. It is important the software is configured to work for your practice.
Lytec Hosting Services	Moving your Lytec Practice Management Software to the Cloud will reduce your software support, IT networking, hardware, off-site backup and down-time costs.
Medical Billing Services	Insurance and patient billing is growing more complexed. The additional administrative and educational costs are overwhelming private practices. We specialize in medical billing, Lytec and getting you paid better and faster.
Credentialing Services	Credentialing errors are one of the most common reasons for claim denials. Our credentialing management servies monitors your credentialing needs and ensures that you are in compliance.
