UnifiMD VAR Partner Monthly News

FEATURE FOCUS

Document Management Module

Integrated with your PM, easily improve patient workflow while reducing paper and waste. UnifiMD connects to your database and automatically creates patient records in the document management module. Simply log into UnifiMD, choose your patient, and it files the document into custom named folders and categories. Document retrieval is easy, organized and available across your entire network, saving time. Our powerful internal messaging feature allows staff to communicate efficiently. Never lose a note or message again. Messages regarding specific patients are automatically saved in their charts. It also connects to your basic industry standard faxing and scanning solutions. No more expensive 3rd party software solutions.

Welcome!

Welcome to the third edition of our UnifiMD monthly newsletter, powered by CHS! Inside we will discuss...

- Feature Focus - Document Management Module
- YOU hear it first...
- Our Partner WINS!

YOU hear it first...

CHS & TotalMD Partnership

We are thrilled to welcome TotalMD to our strategic partnership program. This partnership agreement will provide tightly integrated and comprehensive technology solutions powered by TotalMD's practice management software and CHS UnifiMD ONC certified EMR suite. This partnership benefits our end-users and combined reseller channels while creating new opportunities for growth.

TotalMD has over a decade of experience developing practice management software, while CHS is the developer of UnifiMD, an ONC-Certified EHR. Through this partnership medical providers will be able to leverage both solutions in order to simplify their practice operations. Implementation will be handled by an expert team with years of experience helping practices roll-out new technology.

"Our companies share the goal of helping independent medical practices be successful in the

rapidly changing healthcare industry. This partnership allows us to provide practices with an integrated software solution along with the personalized service and support TotalMD has always been known for," says David Arnett, President of TotalMD.

"This gives your reseller partners and clients another PM option that integrates with UnifiMDs' industry leading EMR and suite of services. Options. Possibilities. Security." - CHS Leadership

Our Partner WINS!

Not only has the number of UnifiMD Partners increased this past month, but our UnifiMD Partners have been very busy talking about UnifiMD, and it shows.

Your recent efforts resulted in many new leads and sales!

Here are some recent wins:

- **A two Doctor dermatology clinic in TN for Basic EMR hosted with Medication Management.**
- **A one Doctor Urgent Clinic in FL for Basic EMR hosted.**
- **We welcome a new UnifiMD VAR Partner from NC to the CHS family!**
- **We welcome TotalMD from AZ to the CHS family!**

Just For Fun

Pet of the month...

Meet Bolt!

He is an adorable 10 month old Pomsky (cross breed Siberian husky and Pomeranian) and a tiny escape artist who runs really fast!

He also thinks he's a cat, playing with toys with his paws and found on top of furniture routinely. The dining room table is his favorite piece to be on. At a whopping 9 pounds he fits through the tiniest places and likes to hide from the Penna family.

Parents are Anthony and Carey.
