IPRESCRIBE APP

Powered by DrFirst

Writing paper prescriptions are a thing of the past. No more calls, faxes, or paper scripts - even for controlled drugs. Use it anytime from anywhere because you are not always in front of your computer. Works with or without an EHR. This is the easiest way to prescribe controlled substances with DEA-approved security. iPrescribe handles it all for iPhone and Android. A digital prescription pad makes it easy.

Manage patients with ease. Search for drugs quicker. Send prescriptions faster. Protect your patient data. Ditch your prescription pad! Once you start using it, you'll wonder how you ever lived without it. Now included free with our UnifiMD Medication Management module. For more information or marketing material, please contact Shelly.

Welcome!

New Partnership

CHS is proud to announce the newest partnership with healthcare's leading Remote Patient Monitoring (RPM) and Engagement Platform, Optimize Health.

Optimize Health (OH) is headquartered in the gorgeous state of Washington. They work with Independent Practices, Group Practices, ACOs, Hospitals and Health Systems across the US. They also have three different partnership programs: Affiliate - that refers only, Channel - that collaborates with OH for mutual sales, and Strategic - those looking for that long-term partnership opportunity. OH provides software, devices and support needed to deploy high-performing, profitable programs quickly and with minimal risk. OH is integrated with 10+ EHR's. Chronic conditions they address are: Diabetes, Heart Failure, Obesity, Hypertension, COPD, Behavioral Health and Substance Abuse.

The OH platform was specifically designed to address the needs of outpatient care, and includes the following:

- Patient Risk Stratification
- Built-in Communication Tools
- Team Management
- Advanced Analytics
- Automatic Time Tracking
- RPM Reimbursement Engine
- Audit Production
- Staff Benchmarking
- Data-Sharing Between Organizations
- Online Equipment Store
- Multilingual Patient Support Materials
- Clinical Call Center
- Local-Delivery
- Mail-Order Delivery
- Onsite Training
- Monthly Business Reviews
- Low-Risk Business Model
- Equipment Financing Options

Just For Fun

Pet of the month...

Meet Kenzie a 5 year old English Springer Spaniel. She loves napping, water fun, playing soccer, the Holidays, riding shotgun, cleaning dishes and fetching sticks. She has been the most wonderful addition to her family.
