

AMERICANISM FOR 2025-2026

October 2025

“Bee Patriotic”, that will be our theme for this year. Our last article talked about the “Star Spangled Kids” program, which is really about teaching our youth about the flag and our Constitution, in the classroom, with local youth groups, and our Juniors. Teach them how to fold the flag and flag etiquette; teachers appreciate your help, keep it short and fun. Here are a couple of photos of ideas of the type of kits/materials your Unit can put together to share. You can also add the Pledge of Allegiance comic book. The bookmark is a template I created and is attached for your use. These are laminated, but you wouldn’t have to. The cording was available on Amazon, as were the pins and flags.
