

HighStar Patient Slings

Please allow us to introduce you to the HighStar line of patient lifting slings. They are a wonderful example of Canadian manufacturing.

HighStar slings:

- are manufactured in **Canada**
- are delivered within 48 hours
- are available in custom sizes
- have very reasonable prices including bulk pricing
- are available in Universal, Hammock, Hygiene, Deluxe Recline, Deluxe Hammock, Positioning, Slip Fit and Clip Fit
- are available with and without head support
- fabrics available include Spacer, Woven, Quilted, Mesh and Slip Fit

HighStar Patient Lifting Slings

Unique features that make HighStar slings stand out include:

- manufactured with the highest quality materials and thus have up to a 1000 pound weight capacity
- have stretchable edges to reduce shearing underneath legs
- stitching on the surface that comes into contact with patient's skin has been minimized for increased comfort and better pressure reduction
- clear labeling allows easy identification of sling size, type, laundry specifications, etc.

For more information or a sling cross-reference list, please contact Craig or your favorite nearby dealer. More information is also on the EW site [here](#).

Interested in education, in-services or sling audit (all free)? Contact us for more information. We are available for in-person or Zoom sessions.
