

OMBRELO™
special stroller

Lightweight, umbrella-fold special needs stroller for children and adults. It has innovative **BodyPrint©** seat equipped with belts that can easily be adjusted to the patient. The seat can be flat or concave depending on the user's needs and dysfunctions. Fixed **30°** backrest tilt angle (bucket) reduces the pressure on soft tissue preventing bedsores. It also gives you many other benefits.

Except for being convenient and stable, **OMBRELO** stroller is also handy and easy to maneuver.

It is ideal for transporting patients to hospitals whether for treatments or for tests. It is also good for having a long walk in the fresh air. Very simple and easy to use.

Adjustable swing-away **FlipFlap©** footplates make it easy to climb and get off the stroller. The product is available in 5 sizes, the biggest of which is designed for users who weight up to 120 kg. Have you got special requirements or look for excellent stability? Our wide range of accessories makes it easy for anyone to find the right product they are looking for.

Stroller is equipped with Light Grey rims. However there is possibility to change the rim's colour to black.

IT IS RECOMMENDED IN THE FOLLOWING CASES:

- Cerebral palsy – various types and forms.
- Brain and spinal cord injuries with lower limbs paralysis and weakness, balance and motor coordination disorders with different etiology.
- Demyelinating disease (e.g. multiple sclerosis – SM).
- Meningocele.
- Muscles diseases with weakness and paralysis (dystrophy, myasthenia gravis, myositis).
