

Adapt Pro^{Elite}

Alternating Pressure Enhanced Low Air Loss Mattress System with Patient Sensing Technology

MODEL 9200 - ADAPT PRO ELITE™ WITH PATIENT SENSING TECHNOLOGY

The Adapt Pro Elite™, Alternating Pressure Enhanced Low Air Loss Mattress with Patient Sensing Technology (PST), is the latest technology for the customized treatment and prevention of stages I-IV pressure sores. The Adapt Pro Elite™ Patient Sensing Technology (PST) measures the patient and automatically adjusts to create the patient's optimal therapeutic surface. Low Air Loss is achieved through a unique Ventilated Low Air Loss Cover that enhances therapy and helps to control micro-climate. Designed to fit all standard hospital beds, Adapt Pro Elite™ supports patient weights up to 400 lbs. The user friendly controls and ease of setup make Adapt Pro Elite™, ideal for institutional use and the home-bound patient. Adapt Pro Elite™ meets California Technical Bulletin #117 for fire retardancy.

CPR & Bolster Release valves quickly deflate mattress system for medical emergencies.

OPTIONS

Optional Electric Inflator

DURABLE DUAL BLADDERS DESIGN

20 independent 8" deep air cells is constructed of (TPU) thermal polyurethane, laminated to a medical grade nylon for maximum durability and performance. The dual bladder design maintains air and prevents patients from bottoming out during power outages.

VYVEX-I® ENHANCED LOW AIR LOSS COVER

Low Air Loss therapy is incorporated into the mattress cover, transferring moisture away from the patient's skin and maintaining the optimal micro-climate. Vyvex-I® is a low shear, low friction nylon cover fabric that is washable, anti-microbial, fluid resistant and fire retardant. Cover is loose fitting and will conform to the patient.

PUMP CONTROL MODES & FEATURES

Adapt Pro Elite's dual compressor pump is feature rich, whisper quiet and extremely durable.

MODES

- Alternating
- Static
- Static Care - falls back to Alternating in 20 mins.

AUTOMATIC PATIENT SENSING TECHNOLOGY

- Auto Detection (PST)
- Fowler - Low 25° & Standard 45°

FEATURES

- PST Patient Sensing Technology
- Comfort Control
- Cycle Time 10 - 30 minutes
- Auto-Firm
- Easy to read digital display
- Low Pressure & Power Failure Alarms

ADAPT PRO ELITE™

SPECIFICATIONS

MATTRESS ONLY

Dimensions:	36" x 80" x 8"
Weight:	18 lbs.
Air Cells:	20, 8" TPU Nylon Air cells 3 Static cells in head section
Low Air Loss Cover:	Vyvetex-1® removable zippered, low shear, moisture resistant / vapor permeable cover

Adjustable anchor straps secure mattress to bed frame. Fire evacuation handles standard

PUMP

Dimensions:	16.5" x 9" x 5"
Weight:	10 lbs.
Electrical:	120V 60Hz
Cycle Time:	10 - 30 minutes
Air Flow:	9 + 9 = 18 LPM
Listings:	UL CE CB
Ground Resistance:	0.1 ohms maximum
Current Usage:	less than 100 micro amps
Power Cord:	12 ft.
Construction:	ABS fire retardant UL 94V-0
