Rules

- You get 80% of your GHIN. No adjustment for tee box or course difficulty.
- Each hole is worth 1 point. Win the hole and you get the point. Tie the hole and get a half point. Play all holes -- this is not a match-play situation. Although, you can "pick-up" at any time on a hole and just lose that 1 point.
- There will be a handful of courses chosen for the league based upon enjoyability of the course. For each match, a course will be randomly selected from this subset of courses. Tee box will be as close to 6,200 yds as possible.
- At the start of the match, course speed, green speed, pin location difficulty, and weather conditions will be randomly chosen.
- No breakfast balls
- Each match will be 27 holes (18 holes on one course and then a 9 hole par-3 course).
- The top player in each division wins the division and earns a first round bye. The 2nd place team in each division advances to the playoffs. Two wildcard teams will advance from all remaining teams across both divisions.
- Putting will be automatic. 10 feet or less = 1-putt; Over 10 feet but 65 or less = 2-putt; greater than 65 feet = 3-putt.
- Cost \$20 for the season plus \$5 card game at each match. 3-putts you lose a card rather than put in an extra \$2.
- The card game will be dealt live as you earn the cards.
