Bill C-218, currently at second reading in Parliament, seeks to prevent the **17 March, 2027** expansion of MAiD to individuals whose sole underlying condition is mental illness. The Archdiocese of Toronto, with the CCCB Office for Family & Life, has just launched a bilingual advocacy tool through the “Help Not Harm” Campaign. Individuals can generate a letter to their Member of Parliament, with copies to the Prime Minister and the Minister of Justice. The tool is available at www.helpnotharmcanada.ca
